

# Webify, Connect & Distribute

The *Centricity*<sup>SM</sup> service helps you convert, share and centrally distribute your healthcare education content across the WWW with confidence!

## Webify

CECity does not create content! As your technology partner, CECity transforms, hosts and then delivers your content the last digital mile. Whether you need a helping hand, or an end-to-end solution, CECity can help power your *e*-strategy.

- Award Winning Interactive Content Presentation
  - *e*-Monographs, *e*-Symposia, & *e*-Multimedia
  - Dynamic Data (Peer vs. Peer), Online & Email Cases
  - PodCasts, CD-ROMs and PDAs
- Self Assessment
- Automated Outcomes Measurement Instruments
- Performance / Quality Improvement
- Internet Point of Care (Self Directed Search)
- Live Streaming Internet Radio and Internet TV Studio

## Connect

CECity is advancing collaboration and sharing by seamlessly connecting websites, *e*-learning libraries and back office systems of leading organizations, using emerging integration technology standards, to create the *Centricity Network*<sup>SM</sup>, the first virtual global healthcare education exchange network.

**Contact CECity to learn how your organization can connect to the *Centricity Network* using *SCORM*<sup>®</sup>, *MedBiquitous*<sup>®</sup> and other leading standards to broaden accessibility and enable:**

- Content Indexing & Online Catalog Exchange
- Participation, Profile, Certificate & Transcript Exchange
- Assessment Results and Outcomes Exchange
- Centralized Online Distribution and Unified Reporting

## Distribute

Plug into the *Centricity Network* - the #1 Online Healthcare Education Global Exchange Network<sup>TM</sup>!

Reach hundreds of thousands of potential healthcare learners by virtually distributing your content through the *Centricity Network*. Access learning and professional development portals presented by health systems, managed care organizations, public learning portals (including award winning *CEMedicus*<sup>®</sup> ~ [www.cemedicus.com](http://www.cemedicus.com)), academic medical centers, associations, medical publishers, societies, employer groups and others.
