

Manage Lifetime Learning

Manage Lifetime Learning

*Velocity*TM is the leading healthcare compliant online learning management system. *Velocity* was designed specifically to deliver healthcare e-learning, to manage lifetime learning, and to facilitate continuous professional development for healthcare professionals. *Velocity* is 100% compliant with online healthcare education accreditation guidelines, including ACCME, ACPE, and others.

Velocity is web-based and offered as a turn-key hosted solution that can be fully branded to match your organization's look and feel. *Velocity* can deliver your e-learning content in any online format. In addition, third party e-learning content can be added to enhance the value of your e-learning initiative.

*Velocity Essential*TM

Essential includes everything you need to launch a fully automated e-learning portal.

- Online Assessments and Evaluations
- Automated Grading and Certificate Processing
- Web trending, Participation & Utilization Reports

*Velocity Professional*TM

Professional adds a variety of modules and tools to help learners define, manage, and track their professional development within their own personal account. Learners return again and again to the easy-to-use *Velocity* system to centralize and manage their professional education.

- Enterprise Search
- Professional Curriculum Management, Licensure Period Tracking & Alerts
- Transcripts, Duplicate Certificates & Personal Reports
- Enterprise Level Reporting

*Velocity Lifetime*TM

Lifetime adds **Perpetual Practice Profiles** and **e-Portfolios** to establish a new benchmark in healthcare education technology that delivers on the promise of *Continuing Professional Development* in the health professions.

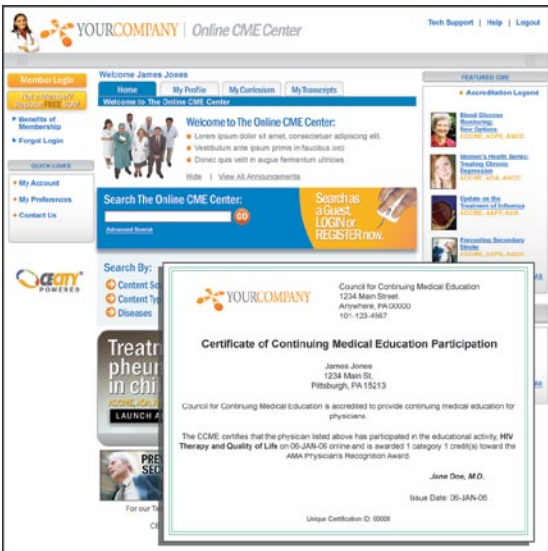

Lifetime's Perpetual Practice Profile module provides each healthcare professional with a personal dashboard that uniquely joins continuous monitoring of practice quality measures *with* tracking of linked educational and performance improvement interventions to drive true continuous professional development. With *Lifetime*, healthcare professionals can finally keep a pulse on their performance, while instantly accessing relevant interventions that answer the question, "How do I improve?"

- Perpetual Practice Profiles & e-Portfolios

Contact *CECity* to learn how *Velocity Lifetime* can take your **Quality Improvement, Clinical Pathways or Pay for Performance** program to the next level.
